

SiS 200D RTU

The first patented disinfectant and microbiostatic agent combination, SiS 200 D RTU is a cleaner, fungicide, virucide, and deodorizer all in one. Suitable for restaurant, hospital, institutional, industrial as well as home use.

EPA Registration Number

75174-10

Ingredients

Octyl decyl dimethyl ammonium chloride	0.0375%
Dioctyl dimethyl ammonium chloride	0.0150%
Didecyl dimethyl ammonium chloride	0.0225%
Alkyl dimethyl benzyl ammonium chloride	0.0500%
3-(trimethoxysilyl) propyldimethyloctadecyl ammonium chloride	0.3280%
Inactive ingredients	99.5470%
Total:	100%

Summary of Benefits

- Cleans, disinfects and deodorizes in one labor saving step.
- Effective against a broad spectrum of bacteria and is virucidal.*
- Provides an invisible, microbiostatic coating that inhibits the growth of odor causing bacteria, mold and mildew.
- EPA registered and manufactured in the USA.

Coverage Area

Using a trigger sprayer, approximately 300-600 sq. feet per gallon for hard, non-porous surfaces.

Toxicity Rating

See the EPA Master Label for complete information.

Level IV (lowest)

Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To Disinfect: apply solution to hard, nonporous non-food contact surfaces, thoroughly wetting surfaces with a sprayer. Spray 6-8 inches from the surface. The surface must remain visibly wet for 10 minutes.

To Clean and Deodorize: apply using a cloth, mop, sponge or sprayer. Wipe or allow to air dry.

Organisms Killed

Staphylococcus aureus / 6538
